

# Make telework work for you.

*Seamlessly implement your agency's telework program with dependable coverage and a wide array of mobile solutions from Sprint to allow your employees to work virtually anywhere. Get it on the Now Network.*

On December 9, 2010, President Barack Obama signed the Telework Enhancement Act of 2010 into law. This bill requires Federal Government agencies to establish telework (mobile/remote employees working outside of the office) policies for eligible employees within 180 days. As your federal agency begins to implement a telework program, Sprint can provide the devices, services and solutions needed to make your program most effective.

***By ensuring the success of your program, you can optimize and empower your workforce. Telework programs:***

- > Increase employee productivity
- > Enhance employee work/life balance
- > Ensure hassle-free compliance with federal legislation
- > Improve employee and management morale
- > Provide continuity of operations planning for disaster/pandemic events

***Sprint offers a large portfolio of devices to provide secure, efficient mobile resources to enable your federal employees to telework. Sprint telework solutions offer:***

- > **Connectivity** – Blazing-fast 4G speeds (where available) and dependable 3G speeds virtually everywhere
- > **Security** – Fast and secure mobile broadband access to critical information, delivered securely with built-in encryption technology that has never been hacked (VPN compatible and Sprint Data Link<sup>SM</sup> services)
- > **Product Choices** – Wide array of wireless devices provide secure access to critical data and applications where and when needed

**Sprint telework bundled solutions include:**

- > BlackBerry® smartphones
- > Android™ powered devices
- > 4G smartphones
- > Mobile Broadband / Sprint Data Link
- > Embedded netbooks and laptops
- > Advanced communications, networking and M2M packages
